Coro Energy PLC  
16 June 2022

16 June 2022

### **Coro Energy Plc**

("Coro" or the "Company")

### **Italian production update**

Coro Energy Plc, the South-East Asian energy company focused on supporting the regional transition to a low carbon economy, is pleased to announce, following the Company's announcement of 6 June 2022, that since the resumption of production at each of Sillaro, Rapagnano and Casa Tiberi, the Company's Italian portfolio has produced at an average rate of approximately 18.5k scm/d with further production from Casa Tonetto expected shortly.

Revenues for the month of May were Euro 583,000.

#### **Sillaro**

Since reinstating production on the Sillaro gas field, production has increased to a rate of approximately 12k Scm/d. The Company is gradually increasing production and, despite high expected summer temperatures is confident that further increases in production can be sustained.

#### **Rapagnano**

The Company is delighted to confirm that production has stabilised at approximately 5.5k Scm/d with further increases expected from a reperforation which is scheduled for the summer.

#### **Casa Tiberi**

Production at Casa Tiberi has averaged above 1k Scm/d and the Company is reviewing short term options to further increase production.

#### **Casa Tonetto**

The Company is in the process of finalising the permitting for CNG trucking operations which once secured will enable immediate CNG deliveries to further boost production.
